

Best Saab 9-3 Tips

By Christina Price

The Saab 9-3 entered production in 1998 as the successor to the Saab 900. This first generation was built on General Motors's™ GM2900 platform, an architecture shared with several other models in the GM portfolio. However, Saab engineers extensively reworked the suspension, steering, and safety structure to give the 9-3 a distinct driving character. The result was a compact executive
